Andhra Pradesh, India

CAREER OBJECTIVE

Aspiring UI/UX Designer and Frontend Developer seeking an entry-level role to apply skills in Figma, HTML, CSS, JavaScript, React.js, and Java. Interested in creating intuitive digital experiences and developing responsive web applications.

EXPERIENCE

Web Application Intern | GA Digital Solutions | June 2026 – Completed

- Developed and enhanced responsive web application interfaces using HTML, CSS, JavaScript, React.js, and modern frontend practices.
- Implemented reusable UI components and improved website usability, responsiveness, and cross-device compatibility.
- Collaborated with designers and developers to translate UI/UX designs into functional web pages and application features.
- Tested interfaces, identified UI issues, and made improvements to deliver a consistent and user-friendly web experience.

UI/UX Design Intern | Sunsys Technologies | May 2026 – Completed

- Designed user journeys, user flows, and high-fidelity UI screens using Figma.
- Created responsive web and mobile interface designs with a focus on usability and consistency.
- Collaborated with developers and stakeholders to improve user experience.
- Contributed to design systems and reusable UI components.

SKILLS

- Design:** Figma, Wireframing, Prototyping, User Flow Design, Typography, Color Theory, Mobile App Design, Design Systems, Responsive Design
- Development:** Java, HTML5, CSS3, JavaScript, React.js
- Professional:** Communication, Teamwork, Problem Solving, Attention to Detail

PROJECTS

Todo List Web Application — Developed a responsive todo list application for creating, managing, and tracking tasks with a clean and user-friendly interface.

Web Telemetry — Developed a web telemetry project focused on monitoring web application activity and presenting performance and usage information through a web interface.

Tutelen – EdTech Mobile App UX Case Study — Designed user flows, high-fidelity screens, and interactive prototypes for an online learning platform.

Intern Ticket Management System — Designed interfaces for raising support tickets, tracking requests, and communicating with administrators.

Renewable Energy Monitoring Platform — Created responsive dashboards and user interfaces for monitoring renewable energy data and system performance.

EDUCATION

B.Tech – Information Technology | Sir C R Reddy College of Engineering | 2024 – 2027

Diploma – Electronics and Communication Engineering (ECE) | Andhra Polytechnic, Kakinada
